1.0 Introduction

Every Local Authority in England has a duty to prepare and publish an annual Transport Policy Statement which complies with the requirements of section 509 of the Education Act 1996 regarding adequate provision of transport to facilitate the attendance of learners of sixth form age.

The Transport Policy Statement describes the transport support available to young people aged 16-19 years old, and young persons up to 24 years old who have a learning difficulty and /or a disability, who are entering or continuing in further education and learning.

Wirral Council is committed to:

- Ensuring that learners of sixth form age (and for those with learning difficulties and/or disabilities aged 19-24) are able to access appropriate high quality education and training of their choice; and
- Providing support to those young people who need it most and removing transport as a barrier to participation in learning.

2.0 Details of Support Available

Government Funded 16-19 Bursary Scheme

The 16-19 Bursary Scheme provides financial support for learners aged 16-19 to access education or training. From 2013-14 the scheme will provide two types of funding, discretionary funding and funding for vulnerable students.

Schools and colleges are responsible for awarding bursaries and verifying eligibility of students. Institutions are free to determine the assessment criteria for eligibility for discretionary bursaries and the amount paid. They can also apply to the Learner Support Service for additional funding for vulnerable students.

Vulnerable students, such as those in care, care leavers, young people in receipt of Income Support or Universal Credit and disabled students in receipt of both Employment Support Allowance and Disability Living Allowance, or Personal Independence Payments are eligible for a bursary of £1,200 for a full academic year. This amount may be reduced pro-rata for courses of less than a full academic year (less than 30 weeks) at the discretion of the school or college.

Details of the bursary scheme are available on the Directgov website at:
www.gov.uk/1619-bursary-fund

Further information can be obtained directly from the student's school or college on how to apply for a bursary.

Schools and Colleges

The websites of many schools and colleges provide comprehensive information on the transport assistance provided by the educational settings. Appendix 1 outlines the support

The cost depends on the area that they cover and the age of the student.

The tickets are also available to be purchased on a weekly, monthly or annual basis. Students who reach their 18th birthday during a term are required to purchase an adult ticket for the whole of that term.

3.0 Support for Learners with Special Educational Needs and/or Disabilities

The Council has a duty to encourage, enable and assist participation of all young people with special educational needs difficulties and/or disabilities (SEND). However, there is no automatic entitlement to free home to school transport for students over 16 at the beginning of the academic year (1 September).

Post 16 SEND students who continue their education can apply for transport support. Students or parents/ carers are required to complete an application form to apply for free transport. An individual assessment process to determine eligibility to free transport and the type of transport required will be carried out and applications will be notified.

This will apply to Post 16 students who were previously in receipt of a statement of Special Educational Needs (SEN) or an Education, Health and Care Plan (EHCP) prior to admission to school/college where the following criteria are also met:

- The journey must be more than three miles from home to school/college.
- The student must be enrolled on a full-time course (above 15 hours per week) for a whole academic year at a school or college.
- The student must be following his/her course at the nearest school or college where that course is provided.

Each application will be individually assessed. Students/parents/carers will need to re-apply for transport on an annual basis.

The term “16 to 19” for the purpose of determining entitlement to travel under this section is defined as the beginning of the academic year following a student’s 16th birthday to the end of the academic year in which the student’s 19th birthday falls.

Parents or students can appeal in writing within 20 working days of receiving notification of the local authority's decision not to provide transport or against the detailed arrangements made.

Guidance to the appeals process and the relevant forms are available from our website:

Wirral Independent Travel Training (ITT) aims to give students with SEND the key skills and confidence to travel independently using public transport to and from school or college. The aims of ITT are to:

- Increase independence and use of own initiative
- Raise self confidence
- Provide greater freedom
- Develop social skills
- Open opportunities for learning and work
- Less reliance on friends and family

The service provides individuals with their own personal travel programme and assistance to learn how to travel independently. Working one to one with a travel trainer, students will be accompanied to and from school over an extended period of time until they are ready to make the journey independently.

The scheme is open to young people with Special Educational Needs and / or a Disability attending Wirral Special Schools, Education Inclusion Bases in mainstream schools or post 16 provision. Students currently in receipt of school or college specialist transport who would like to learn to travel independently can also apply.

To express an interest in accessing travel training please contact the Integrated Transport Unit (contact details below) or view the website for further information:
