**WHO** are we....

A small team with a huge multi – agency support

Peer Support Group from Wirral Grammar Boys & Girls

MAKING OUR DAY SPECIAL

# MODS

What do we do.... support, encourage and nurture

Deliver a bespoke activity programme for our yr 5&6

Focus on – building resilience, FUN, friendship, & transition

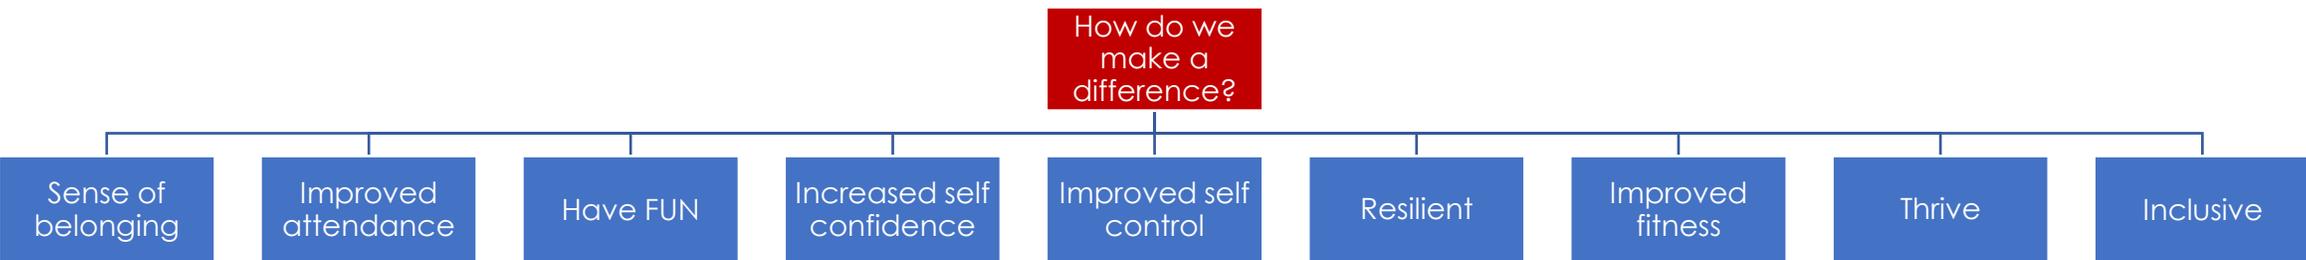

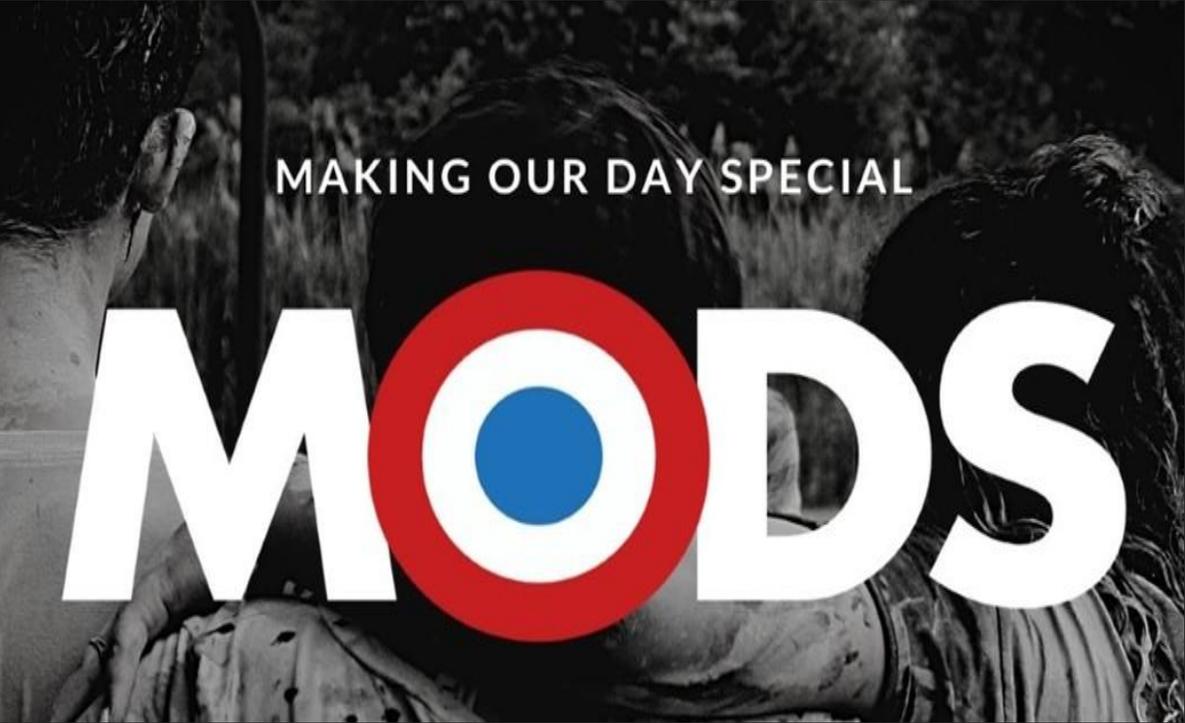

Why so **SPECIAL** ?....

The Setting

The Approach

The Experience

MAKING OUR DAY SPECIAL

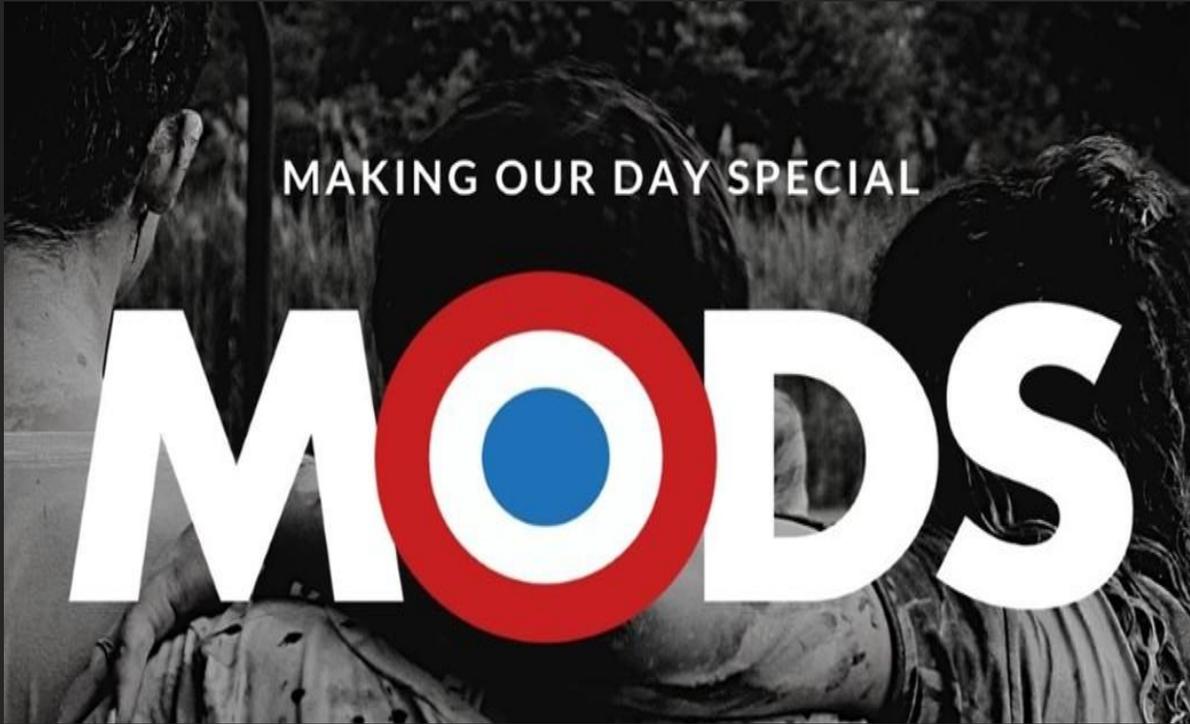

**MODS**

What our families  
say.... 😊

*"Thank you for this week **J & T** both had an amazing time. You and the team do a superb job organising and delivering the project. The patience and understanding you show with **T** when all other organisations give up is transformational. The most important thing you do is commit the time and resources to **T** so that he can see that someone cares about him."*

*"I just wanted to thank you and your team for everything this week. **A** hasn't stopped talking about what an amazing time she has been having. MODS has eased **A's** concerns about September and the social demands of transition. **A** would love to return to MODS in the future."*

*"**C** is absolutely loving being at MODS. It has been an amazing experience for him to meet other young people transitioning to WGSB in September. I work 55 hours a week and simply don't have the time to do anything with **C** over the summer. **C** has adored every minute that he has spent up at site and it has been an absolute lifesaver in preparing him for secondary and keeping him active."*

MAKING OUR DAY SPECIAL

MODS

What our families  
say.... 😊

*"We just wanted to say thank you to you and your team for this week. The morning wake up calls and letting **L** come to site half an hour early have made her feel so more comfortable. Thank you for not giving up on her and pushing her to attend, participate and thrive. It has meant the absolute world to me and her. **L** has struggled over the last year with her anxiety and this experience has given her the confidence and support to believe in herself ready for a massive year in school. Thanks again and keep on being amazing."*

*"All three of them have really loved MODS this week. I have never known them sleep so well which has made things so much easier for us at home. Please thank the whole team for giving the kids an amazing week. **A** has been ~~less~~ of a diva and come home each day beaming. **I** has loved getting involved in all the activities and has really benefited socially. **L** has matured so much over the last week. Actually so much so that **L** has today suggested that he would like to come back and help out at MODS next year as a young volunteer to support young people in the way MODS has supported him over the past two years".*
